Each year ICD provides invaluable services to thousands of New Yorkers with multiple, complex diagnoses. At ICD, children, adolescents, adults, and seniors receive comprehensive, quality care that enables them to regain their health and independence. Here they find all the help they need under one roof in a convenient location.

The support of foundations, corporations, and individuals is critical to our ability to ensure that no one who needs our services is ever turned away. We welcome direct contributions of any amount, in-kind donations of goods and services, and gifts of stock. If your corporation has a matching gifts program, please be sure to include an appropriate form with your contribution.
